

# VET PATHOGENS TEST SET 1

Feline Calicivirus (FCV)	Bordetella bronchi-septica	Yersinia spp.	Canine rotavirus	Canine reovirus (kennel)	Clostridium perfringens
Feline Coronaravirus	Chlamydia felis	Dermatophyton	Bordatella virus	Circovirus	Ehrlichia canis
Feline Distemper (FPV)	Citrobacter spp.	Heartworm (Dirofilaria immitis)	Canine adenovirus	Infectious canine hepatitis	Leptospira-ceae
Feline Foamy virus	Corynebacterium spp.	Hookworms	Canine astrovirus	Pseudorabies virus	Rickettsia rickettsii
Feline Herpes (FVR)	Fusobacteria	Lungworms	Canine coronavirus	Rabies virus	Staphylococcus aureus
Feline Immunodeficiency Virus	Listeria spp.	Ringworm	Canine distemper virus	Bacteroidetes	Staphylococcus intermedius
Feline Leukemia (FeLV)	Micrococcus spp.	Roundworms	Canine herpesvirus	Bordetella bronchise-ptica	Streptococcus canis
Actinobacteria	Mycoplasma felis	Tapeworms	Canine minute virus	Borrelia burgdorferi	Aspergillus fumigatus
Actinomyces spp.	Mycoplasma spp.	Cheyletiella blakei	Canine parainfluenza virus	Brucella	Blastomyces dermatitidis
Bacillus spp.	Proteobacteria	Ctenocephali des felis	Canine parvovirus	Clostridium difficile	Coccidioides immitis

## VET PATHOGENS TEST SET 2

Coccidioides posadasii	Coccidia	Echinococcus	Trichinella spiralis	Equine herpes virus	Escherichia coli
Cryptococcus neoformans	Giardia lamblia	Echinococcus granulosus	Uncinaria stenocephala	Equine Influenza virus	Fusobacterium necrophorum
Histoplasma capsulatum	Isospora	Gnathostoma hispidum	Cheyletiella yasguri	Equine rhinitis virus A	Leptospira spp
Microsporum canis	Leishmania	Gnathostoma spinigerum	Chiggers (harvest mites)	Equine rhinitis virus B	Pasteurella spp.
Microsporum gypseum	Neospora caninum	Mesocestoides	Ctenocephalides canis	Equine rotavirus	Pneumocystis jiroveci
Pythium insidiosum	Prototheca wickerhamii	Spirometra	Demodex canis	Equine viral arteritis (RNA toga virus)	Pseudomonas aeruginosa
Sporothrix schenckii	Prototheca zopfii	Teania pisiformis	Dirofilaria repens	Getah virus	Rhodococcus equi
Trichophyton mentagrophytes	Ancylostoma braziliense	Toxascaris leonina	Otodectes cynotis	Actinobacillus equuli	Salmonella spp.
Babesia canis	Ancylostoma caninum	Toxocara canis	Sarcoptes scabiei canis	Dermatophilus congolensis	Streptococcus equi
Babesia gibsoni	Dipylidium caninum	Trichinella britovi	Cheyletiella parasitivorax	Dichelobacter nodosus	Streptococcus zooepidemicus
